# Q SERIES

The Pro-Gear Series “Q” quarter turn gearboxes are rugged, industrial grade products, manufactured with cast iron housing and components. All models in this series feature high performance bearings and a powder coated finish.

## APPLICATIONS

The Q series is highly suitable for all general industrial applications as well as applications in chemical, power, HVAC and waterworks. Pro-Gear’s operators are intended for the operation of ball, plug and butterfly valves as well as power and process dampers. The usage of high grade of materials provides a tough, reliable unit for the automation of today’s high performance industrial valves. Several options such as padlocking devices, memory stops, spur gears and limit switchboxes can be easily mounted on site without any machining, due to the integration of all necessary connections on the housing.

## PERFORMANCE SPECIFICATIONS

- > 14 Models
- > Up to 70.000 Nm. Torque range
- > -5° to 95° stroke
- > IP68 sealing
- > -25 °C to +110 °C (-13 °F to +230 °F) temperature range

## FEATURES

- > Stainless Steel input shaft
- > Stainless Steel fasteners
- > Standardised according to DIN / ISO 5211
- > 13 Models up to 70.000 Nm. output
- > Axial needle bearings
- > NBR 70 gasket material
- > Sealed position-indicator
- > Powder coated / polyurethane coated finish
- > Insert bush system for flexibility and reduced lead times (interchangeable with X-series inserts)
- > Carefully chosen ratio’s are increasing the MA-rates
- > Blind tapped PCD’s

## HANDWHEELS "W(ELDED)-SERIES"

TYPE	D	H
W125	Ø 125	50.5
W160	Ø 160	56
W200	Ø 200	73
W250	Ø 250	86
W300	Ø 300	86
W400	Ø 400	122
W500	Ø 500	141
W600	Ø 600	157
W700	Ø 700	180

Dimensions mentioned in mm.

How to size the diameter of the handwheel:

- 1 Get the output torque required

$$\text{Handwheel diameter} = \left( \frac{\text{Output Required}}{\text{M.A.}} \right) \times 5^*$$

- 2 Select the Handwheel diameter

\* RIM pull 400 Nm

## THE POWER IS YOURS!

Pro-Gear GmbH is a young, highly flexible team, who are carrying out every element of design, assembly and quality control with the utmost care.

The unique combination of the products, together with the know how and assembling facilities are creating for clients a relationship, unique in the valve actuator industries.

GOST certified

ISO certified
